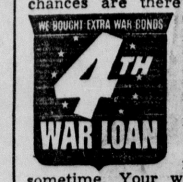
THINK IT OVER

How about doing a little cold turkey thinking after you lay aside this newspaper tonight?

You've got a good job. The chances are there is someone else in your family, perhaps two or three, working. Your son or your brother — may be away at war.



This war must end sometime. Your whole family, your neighbors, are praying it ends soon and those fighting boys of yours will come home safely.

But will you be ready for whatever happens when peace comes? Will you have something laid away? We're all hoping there'll be jobs aplenty, jobs which mean making something for somebody's happiness and not for somebody's sorrow. That's where your War Bonds come into the picture. Sure. Americans own billions of dollars of War Bonds now; and before this 4th War Loan ends they will have put away billions more. But how about you? You're the one that counts. The bigger the pile of War Bonds you have when peace comes, the bigger chance you'll have to slip right into the post-war world you're dreaming about tonight.

So *"Let's All* Back the Attack."

THE EDITOR.

WAR CHEST TOTAL

Final figures in the War Chest drive recently completed show that Washington Township people gave a total of $12,600 for use by the various organizations covered in the War Chest, according to Township Treasurer Manuel Caldeira at Niles. The Township's quota was $17,000. The county as a whole reached and passed its quota, according to figures released in Oakland.

ILLNESS STRIKES MANY TOWNSHIP PERSONS ON FRIDAY

Friday was an unhappy day for a good many people hereabouts.

Mrs. Emma Murray, Niles librarian had suffered a stroke of paralysis a few days earlier and had been taken to a Hospital where she is resting.

Friday morning Mrs. Dan Marble received the sad news that her brother, John Orcutt in New York, had passed away. He visited here for about six months last year and was very well liked.

Further concern was caused when it was learned that Reverend D. Q. Grabill suffered a light heart attack while driving his car near Niles Friday morning. He lost control of the car which came to rest in a muddy field. The ladies in the car, Mrs. Grabill, and their house guest, Mrs. Inez Cornish of Wisconsin, who were not injured, had Mr. Grabill brought to town for medical attention. He is resting well in the Manse at Niles.

Dr. W. L. McWhirter of Centerville was in the O'Connor Sanitarium in San Jose with a fever of 106 degrees, fighting pneumonia. The wife of Herbert Hoover, our only living ex-president, died suddenly that day while preparing to go to a dinner party.

M. P. Mathiesen of Centerville, local civic leader and war veteran is seriously ill at O'Connor's Sanitarium in San Jose following a heart attack.

Joseph Shinn Sr. is confined to his home with a light case of pneumonia and Mrs. Shinn is suffering with an attack of influenza.

UNENDORSED GAS COUPONS WILL COST OPERATORS GAS

Starting January 15, service station operators who continue to accept unendorsed gasoline coupons will find themselves gradually going out of business for lack of supplies, the Office of Price Administration said today in announcing a drive against the use of illegally-transferred coupons.

The check-up on "black-market" coupons will be made by OPA rationing officials at banks, where sheets of the coupons, bearing the operator's name, are deposited by oil distributors.

Gallonage represented by the unendorsed coupons will be ordered deducted from the ration account of the epositing distributor who, in turn, will be forced to call upon the offending station operator for valid stamps.

Thus, an operator who accepts unendorsed coupons for 500 gallons would eventually find himself short that amount in his inventory. Subsequent acceptance of illegal coupons would further reduce his supply.

The OPA regulations require that a motorist inscribe the license number and state of registration on each coupon immediately upon receipt of his book from the rationing board. This practice also protects the motorist in the event of loss of the book, OPA pointed out.

Mrs. Grace Meyers and First Class Petty Officer TOMMY CORNETT were dinner guests at the home of Mrs. Lois Justus on Sunday. Later in the day they motored to Oakland to take Bert Justus back to his work in Emeryville. Cappy Cunha accompanied them to the theatre there.

S2/c DAVID J. VARGAS, son of Joe Vargas of the Niles rural district is serving at a Naval Supply Depot in the Hawaiian Islands, his father advises this office.

Sound man 1/c JAMES R. SILVA, son of Frank Silva of Niles is serving with the Navy at New Caledonia and is right in the thick of things, his father states.

Pfc. ROBERT DUARTE was home in Niles on furlough during the holiday season and he enjoyed visiting relatives and friends.

ARNOLD P. SILVA of Newark is serving with an engineering regiment overseas and receives his mail at APO 515, care Postmaster, New York City.

4th Bond Drive Starts

The Fourth War Bond campaign is now under way in Washington Township as well as the rest of the Nation and it is up to John Q. Public and wife to dig down in their jeans and provide the money to pay for the sinews of war.

Although the Army and Navy have some 185 billion dollars of unspene Congressional appropriations, it is only Congressional authorization to spend money not yet raised. Some of it comes from taxes, the rest of it from these 15 billion dollar war drives. You are only LOANING this tax money to the government; after the victory is won you get it all back, plus good interest.

The kick-eff meeting was held Tuesday evening in the high school little cafeteria at Centerville with Township Chairman L. R. Burdick in charge, assisted by Vice-Chairman R. A. Blacow and Treasurer Loren C. Marriott. The following town chairmen were present to receive their instructions on how to organize and proceed in their towns:

Jack Blacow, Alvarado; David Janeiro, Decoto; Carl Christensen, Irvington; Mrs. Lois Justus, Mission San Jose; Joseph Pashote, Newark; Mrs. Rose Brown, Warm Springs and Mrs. Gladys Williamson, Township chairman of Women's Activities.

The Township's quota is $563,000 of all types of bonds, of which $269,000 is to be sold in E, F and G series bonds to small investors. This quota is about the same as the Third drive's quota, when the Township subscribed $545,000 worth.

The drive will be made on a Township-wide basis and individual community quotas will not be totalled or published.

CENTERVILLE —The St. James Church will hold its annual business meeting at the Memorial Hall Friday night following a dinner at 7 o'clock. Officers will be elected and the budget for the coming year will be adopted.

IRVINGTON — Delegates to the district conference of Business and Professional Women at San Jose Saturday and Sunday were elected by the Washington Township Club at the home of Mrs. Josephine Morris Monday night.

PUBLIC SPEAKING CLASS

CENTERVILLE — A public speaking class for adults opens next Thursday evening, January 20 in the high school cafeteria at 7:15 o'clock, Warren Gravestock, evening school principal announces. The class is to be informal; members sit around a table and learn to overcome fear and self-consciousness when speaking before a group, learn how to organize and deliver formal and informal talks and are taught how to speak effectively. Both men and women are invited to take advantage of this free instruction.

WOMEN NAMED TO ASSIST IN 4th BOND DRIVE

The first activity of the newly-organized women's committee of the Washington Township war finance program under the Treasury Department will be to assist campaign managers in the Fourth War Loan beginning January 17.

The following town chairmen have been appointed according to Mrs. Gladys Williamson, township chairman:

Niles, Mrs. Roland Bendel
Centerville, Mrs Loren Marriott
Newark, Miss Julia Ruschin
Alvarado, Mrs. M. P. Munger
Irvington, Mrs. Edward L. Rose
Alviso, Mrs. Elsie Madruga
Warm Springs, Mrs. Rose Brown
Mission San Jose, Mrs. Lois Justus
Decoto, Miss Mary Janeiro.

In addition to assisting in the present campaign these women will direct activities in their respective communities aimed to keep the need for purchase of bonds before the public in a continuous program. One of the first specific projects will be the enrollment of all babies born in the war period on the Treasury Department's Cradle Roll of Honor, details to be published in this paper next week.

In Warm Springs and Mission San Jose, Mrs. Brown and Mrs. Justus are heading the entire campaign for the Fourth War Loan as well as having charge of women's activities.

IT'S IN THE AIR. You can *feel* it, every time the Axis is struck. *This* is the climax year, *the year of decision.*

In history, 1944 will be the *big* year of the war—every stroke for victory counts more now. That's why it's vitally important for *every* American to be at his post, doing his part right now.

You, personally, have an important job in winning the war—buying War Bonds. It's not glamorous—no, not even a sacrifice, really, because you are only *lending* your money, to be returned with interest. But it *is* essential to complete victory.

Your part in this year of decision is *at least* one extra $100 Bond, above your regular Bond buying. That is your minimum *individual* quota. But don't stop there. Remember wars are won only by all-out effort. So buy $200, $300, $500 worth—buy *more* than you can afford. And buy your Bonds *where you work*—at the plant or at the office.

Your country is counting on you—let's make the year of decision OUR year!

This sticker in your window means you have bought 4th War Loan securities.

MARCH OF DIMES DRIVE TO START IN THIS TOWNSHIP

The annual "March of Dimes" drive, when funds are raised via wishing wells with which to combat infantile paralysis, gets under way this week in Washington Township with Ed Enos of Niles in charge. The kick-off luncheon was held today in Oakland and supplies will soon be placed in stores, banks and other public places throughout the Township.

You can drop all the dimes you wish, because money so raised is used in this wonderful cause.

The national survey shows that last year was the worst outbreak of the infantile disease since 1931, with the U. S. Public Health Service reporting 6,792 cases up to September 11. This figure was more than three times as many as during the same period of 1942.

Frank N. Belgrano, past national commander of the American Legion, who has been named Northern California chairman, reports that preparations are underway with all the chapter chairmen in the forty-eight northern counties formulating plans for the appeal for dimes and dollars to start January 14, and continue until President Roosevelt's Birthday, January 30.

Dan Marovich again heads the Northern California organization committee, Belgrano announced.

BILL LINDSAY GIVEN $234,000 TO ADMINISTER

HAYWARD — Bill Lindsay, former Scout Executive here, writing from Los Angeles where is is now located, reports that among his many jobs he has been made chairman of a newly started project dealing with minority groups, particularly Negroes and Mexicans.

Set up under the War Chest, for which a sum of $234,000 was provided Lindsay's main task will be to provide six additional leaders who will devote all of their time among this class. As a director of Organization and Extention of Boy Scouting in the Los Angeles District, the bulk of this work will fall to Lindsay, he said in a letter to John Lee Wilbur.—The Hayward Journal.

CHRISTMAS IN THE ALEUTIANS

Christmas in the Aleutians was some contrast to Christmas in the Central Pacific Islands where heat makes food and water unpalatable. Relatives at Niles are in receipt of the following letter, written by Cpl. HAROLD KLEINSASSER of Niles, serving with the Medical Corps at a Station Hospital in the Aleutians. The letter was written on Christmas Day.

Dear Folks:

This is Christmas and as far as conditions go—its plenty rough. I'm here at the office—I came down just for an hour or so to get out morning reports, etc., and plan to eat a big dinner later, and then probably sleep.

We had a job of it getting out of our own hut. A couple of us got out o. k., but a few hours later the others had to be dug out. More fun! Hope I can find the mess hall at dinner time.

I was supposed to go to the post chapel to sing last night at 11, but that was impossible. This morning we were to sing in the wards, but not enough fellows dug their way out, so that was cancelled.

Some of the fellows got "happy" last night on anything that smelled like a drink—they don't feel too happy today, though.

We stayed in the hut last night and listened to the radio. Naturally our thoughts were in the states, and hoping we would be there by next Christmas.

There's swell music on the radio at present; I'm off duty this afternoon and will take it easy. I enclose some snapshots and Christmas dinner menu.

Merry Christmas and Happy New Year!

* * *

Editor's note: one snapshot showed the writer's half moon shaped "igloo" with the door snowed in and snow level with the window sills.

The Christmas menu included shrimp cocktail, olives, mixed pickles, tomato bouillon soup, roast turkey with sage dressing, giblet gravy, candied sweet potatoes, string beans, spiced fruit salad, hot rolls and butter, pumpkin pie, plum pudding, coffee, mints, gum drops, hard candy, nuts and cigarettes.

—Which, considering every morsel of foodstuff had to be shipped in some 3,000 nautical miles from the Pacific Coast, gives some idea of the supply problem being mastered by the directing heads of our armed forces! W. W.

SOLDIER WRITES OF FURLOUGHS SPENT IN LONDON

The following interesting letter was received from Cpl. LAWRENCE J. ROGERS Jr., a graduate of Washington Union High school in 1942, now serving with the United States Air corps in England. It was written to his parents, Mr. and Mrs. Lawrence Rogers at Mission San Jose dated November 19.

Dear Mom and Pop:

Well I just came from London, and was it a swell trip. I enjoyed every moment I was there. We were very fortunate to get tickets to the great Broadway show "This Is The Army", put on by Irving Berlin. Its the greatest show that I've ever seen, it was really was terrific. I came to London with a swell friend of mine, called Donald Reece. His mother came from England, and he has some relatives over here. So we went and spent several hours with them, and had tea and dinner, and discussed the different ways that we had in America and those in England. They were very broad minded, and they understood the ways that we live, and what we find in England that seemed so strange to us. They were really nice, and they want us to visit them again when we come to London again. It was sure nice to be in a home again, and they had a very beautiful one. It was typical of the average English home, and to get a real picture of the home, you would have to be here to see it with your own eyes.

Good Suppers

When we go to London again, we are going to pay them another visit. We saw several very good shows during the evening and had some good suppers at restaurants, which we had to go around looking for, for quite some time.

The underground railroad over here is really something. You can go nearly any place in London on a subway train. I enjoyed riding the long moving stairways, which sometimes went down about 7 stories into the ground. Some people say that the underground railroad here in London is even bigger than that of New York. I wouldn't know myself, because this was my first experience of riding in a subway. Their system over here is much more simple than that of New York.A fellow can't get lost at all. There is some difficulty though at night in the blackout, when we have to find out where our hotel or Red Cross building is, but we manage to find it alright. The people seem to have a very high morale, and they seem to be doing alright. Its just as crowded as New York, and you sure have a time to get around. I saw the house where Mary Astor the great actress used to live, and also the Admiralty building where all the ships are controlled on the Seven seas. I saw Buckingham Palace, and the Big Ben Tower and everything was sure beautiful.

Every Minute Filled

We have to use every minute of our time to make sure we get to see everything, and we have to allow time off to eat, and also to catch our train back to the Base.

The next time I come, I'll see more of the Palace, and I'll take the tour that is offered to us at the Red Cross. London is similar to our cities in the States and I really felt right at home here. You have your theatres, stage shows, and dance halls just like home, and although the pictures are a year old but we get a big kick out of seeing them again. As a matter of fact "Gone With The Wind" is playing over here, and I guess for a long time to come.

To get back to Irving Berlin and his great show "This is the Army" Irving Berlin himself sang some of his songs, and also introduced a new one, which he had just written, and it sounded very nice.

We went around and did some shopping, and I was also able to take some pictures, which will take me a week to get. I hope they turn out O. K. You see I had a mustache on when these were taken.

London has the same procedure as we have in the States for traffic control. They have Stop signs just like we have, the only difference being that the traffic goes on the left side of the road. There are a lot of Taxis to be had if you want to go anywhere, and the rates are very reasonable.

London Is Safe Enough

Now here is something which you will think of right away. Why should I go to London, when they are always bombing it. Well I will tell you something. Its just as safe to go to London as anywhere else. Yes, you hear the news back home that London had another raid last night. Well they make a mountain out of a mole hill. Don't think for one minute I'd go to London if there were really any raids going on. So don't worry about anything whenever I mention that I've been to London, because there really isn't anything to worry about at all.

The trains that we ride to London on are very nice and in some ways much better than our own trains. The only difference in our trains from theirs is that ours are much larger and longer than those in England. Thats due to the small amount of space that England has, compared to the space that we have. They have to make every mile of land count over here, where we have so much land we dont know what to do with it.

I'm writing this letter to you while I'm on the train, so I hope you don't mind the writing. There is some very pretty country all along the line, and I am enjoying all the beautiful scenery that I can. The farms over here are very pretty, and if you were to look at them from the Air, they would look like a bunch of squares.

We met an Allied Friend of ours while on the train who is from Scotland, and we had a very nice talk with him. He was a little hard to understand, but we were just as strange to him. This picture on the Post card is one of the places I was in. You see those busses nearly everywhere in London, and also in many of the other smaller cities.

Some American Stores

There are some American stores over here. Woolworth's 5 and 10 in in the outer part of London, and I was really glad to see it. There are many Department stores over here, that are nice. As a matter of fact sometimes even better than our own in the States. Some of the stores are immense. Well I guess that is about it for now, because I can't seem to think of anything more at present.

I'm getting along fine, and I'm having a nice time. It only cost me 4 to 5 lbs. to go to London, which is 16 to 20 dollars in our money. I'm going to try and see the Catholic Cathedral next time I come in. I hear it is really a beautiful place to see. One thing about places in England is that you can never judge a place by its appearance on the outside, because it is very deceiving. You'll always find that once inside you can really judge for yourself how well a place looks. Well enough is enough. So I'll say goodnight until again.

Your loving son,
Lawrence

NILES LOCALS

Reverend J. L. Webster of Newark kindly filled the pulpit at the Niles Congregational Church Sunday evening, during the convalescence of the Pastor, Reverend D. Q. Grabill who suffered a light heart attack last week.

The last regular meeting of Niles Rebekah Lodge was held Friday evening, January 7. After a short business session a social hour was held—at which time the officers for 1942 and 1943 were entertained by their respective noble grands, Sena Carr and Beatrice Fournier. The refreshment table was tastefully decorated, and each officer found a lovely gift at her place.

H. L. Chase of 725 Faxon avenue, San Francisco, who has been a subscriber to The Township Register for many years, and who no doubt is known locally, has passed away, according to a notice from the postoffice department received by this office.

A court of honor for the Boy Scouts of Washington Township will be held in the Centerville Elementary School auditorium on Friday evening, February 11 at 8 o'clock this newspaper is advised.

POMONA SCHOLARSHIPS

High school and junior college students of Washington Township will be eligible to participate in competitive examinations on February 12 for $7,500 in high school and junior college scholarships offered by Pomona College, in Claremont, Calif., it was announced today.

Twenty high school scholarships, four for $500, and four for $350, will be awarded to students entering Pomona College in the fall of 1944. Applications will be received until January 16.

ALUMNAE RECEPTION

Stanford Alumni of Alameda and Contra Costa Counties will greet Dr. Donald B. Tresidder for the first time since he became President of Stanford University, at a reception to be held in the home of Mr. and Mrs. Eugene K. Sturgis, 76 Sea View Avenue, Piedmont, at 8:15 p. m. on Sunday, January 16th.

SHOEMAKER DIES

ALVARADO — Victorino Naharro, 59, shoemaker here for 22 years was buried at Holy Sepulchre Cemetery last Friday following services at the Chapel of the Palms and mass at St. Anne's Church. Survivors are the widow, Julia and several children.

SUGAR STAMP

Owners of sugar stamp No. 29 are reminded that that stamp, good for five pounds of sugar, will end its usefulness on January 15. Stamp No. 30 will take over on that date and will remain good until the end of March for the same amount.

CENTERVILLE — A smashed window and theft of several bottles of wine at Magion's place were reported to Deputy Sheriff Bob Moore Monday. A large plate glass window at the Decoto library was also smashed, presumably as a matter of malicious mischief.

IRVINGTON — Robert Torres, 20, of Irvington was fined $50 and put on probation for 90 days after pleading guilty to petty theft at the Centerville Jusice Court. He was charged with taking a woman's coat from a Decoto dance hall.

SPORTSMEN ELECT

NEWARK — E. J. Keener has been re-elected president of the Newark Sportsmen's Club. Other officers are S. G. Scott, vice president; R. A. Jolly, recording secretary; H. C. Mikkelsen, treasurer; A. C. Overeen, sergeant at arms, and Joe Machado, social chairman. Directors are Frank Caldera, George Butler, Machado, Mikkelsen and Jolly.

AGED MAN DIES

CENTERVILLE — Thomas D. Silva, 87, was given final rites at the Chapel of the Palms Monday with mass at the Holy Ghost Church and interment at the Holy Sepulchre Cemetery.

He was a native of the Azores and a member of the U. P. E. C. and the I. D. E. S. of Decoto. Survivors are the widow, Marguerite and 12 children.

MRS. IVA MARBLE TO BE SEATED AS NOBLE GRAND

Selina Keating, district deputy president of District 53, assisted by her marshal, Martha Mortensen, and installation staff will induct the officers of Niles Rebekah Lodge and Alvarado Rebekah Lodge, I. O. O. F., at Odd Fellows Hall, Niles, Friday evening January 21. Beatrice Fournier will be seated as junior past noble grand of Niles Rebekah Lodge.

Elective officers of Niles Rebekah Lodge to be installed are Iva Marble, noble grand; Eva Fournier, vice grand; Rose Fournier Stearns, recording secretary; Fern Mitte, financial secretary; Mary Barnard, treasurer. Mary Rose and Ivy Cull have charge of the decorations for that evening, and the refreshment committee is composed of Fern Mitte, chairman, Mary Barnard, Olive Pugmire, Annabelle McGraw, Sarah Crane and Beatrice Fournier.

SEWING CIRCLE ELECTS

The members of Friendly Sewing Circle, Niles Rebekah Lodge, were entertained at luncheon and cards, Monday afternoon, January 10, at the home of Anna Bradford, president. Mrs. Bradford was assisted by Sena Carr and Olive Pugmire. Following the luncheon, nomination and election of officers was then held. Mary Rose was elected president, Sena Carr, vice president and Iva Marble' secretary treasurer, succeeding Ivy Cull. The next regular meeting of the Circle will be held Monday February 14 at the home of Mary Rose. Mrs. Rose will be assisted by Sena Carr and Iva Marble.

MISSION SAN JOSE

Mrs. Lois Justus
Correspondent

Miss Velma Telles, Miss Betty Rose, Mr. and Mrs. Andrew Costa and Miss Virginia Lawrence attended a party in Irvington held at the home of Charley Santos and his mother in honor of a number of recuperating sailors from the naval hospital. They reported a very nice time.

Mrs. Rosalyn Garcia returned from several days spent in Sacramento at the home of Mrs. Katharine Burt, the former Katharine Azeveda.

Friends of Miss Olive Hyde are sorry to hear that she has been very ill at her home in San Francisco. She is missed in the Mission, at her summer home here and friends wish her a speedy recovery so she may be seen around here again.

Richard, Donald and Evelyn Meyers spent last Saturday in San Jose at the home of their cousin, Mrs. Dominic Senseri and doing some shopping.

Miss Lorraine Rogers has been confined to her home here for a week with the flu and a heavy cold. Mrs. Ernest Frei is again up and around following a siege with it also. Most of the others who have had it are on deck again.

Mr. and Mrs. Leland Steinmetz are the proud parents of a son, Nolan E. born in the hospital last week. Mother and youngster are doing nicely after returning to their home on Palm avenue.

New Years eve Mervin Telles, son of Mrs. Rose Telles was rushed to the hospital where he underwent an appendectomy. He has returned to his home here.

Mrs. William J. Mulcahy Jr and children, Margaret Jane and Billy Jr., of Dallas Texas are spending a vacation at the Mission Hereford Ranch with Dale Carithers, foreman and also in San Jose at the home of her mother, Mrs. Margaret Bunting.

Frank Bettencourt and children Donald and Mae, have moved back to the Mission after several months spent in Niles.

William Allison, former employee at the C. L. Best estate here was the victim of a hit and run accident in San Francisco last week and is now confined there in the hospital with a broken arm, several ribs and minor lacerations of the face and body.

Look for it in The Township Register.

How to Make a Better Cup of Coffee

EXPERIENCED brewers of really good coffee know there are only a few rules that must be followed:

1 They keep their coffee-making equipment CLEAN—washing it daily with soap and hot water, and rinsing it thoroughly.
2 They use coffee of the right grind and they use ENOUGH of it—at least a generous tablespoonful for each cup.
3 They brew their coffee by the CLOCK, timing it exactly to get results they know from experience will be most satisfactory.
4 They buy coffee which is GOOD and FRESH—choosing *quality* because they know a pound will average about 40 cupfuls, demanding *freshness* because staleness is coffee's greatest enemy.

If the coffee you make "leaves something to be desired", try those four simple rules!

Ladeez AND Gentlemen! Come RIGHT in and see our GREAT exhibit of fine-flavored COFFEES! People buy 'em so fast we have to get NEW supplies constantly, and so every package is BOUND to be extra-fresh! HURRY AND MAIL APPLICATION FOR 1944 STICKERS!

"Get your motor vehicle license now and avoid the rush!"

This admonition came today from Captain Louis Eike.

February 4th, midnight, is the deadline for 1944 applications for vehicle registration renewal. Applications received later than that will be subject to heavy penalties.

In Sacramento, Gordon H. Garland, Director of the Department, revealed that more than 2,000,000 vehicle owners thus far have failed to file applications although the deadline is only about three weeks away.

Applications may be sent by mail to 1107 Jackson Street, Oakland 7.

Easy Money for Scout Troops!

If the six scout troops of Washington Township will take up the newspaper, magazine, cardboard salvage activity as a continuing service, they will be performing a patriotic service while lining their troop treasuries with real money—not just this month but every month until we win the war.

All that is needed are:

1. A regular collection day once each month, probably the last Saturday of each month.

2. A storage depot such as Scout house, fire house or school garage.

3. The use of a truck, when several tons have been accumulated, to cart the bundles to the following paper dealers in Oakland or San Jose: Sherman Bros., 1800 Peralta, Independent Paper Stock Co., 2000 Peralta, A. Ferer and Co. First and Linden, all in Oakland; Independent Paper Stock Co., Bassett and Terraine Sts., Markowitz and Fox, both in San Jose.

The OPA price ceiling at this writing in carload lots on clean, neatly bundled old newspaper is $15 per ton, fob shipping point; $17 per ton for mixed (60 percent slick paper) magazines, and bundled cardboards is bringing $12-13 per ton, same as newspapers and magazines, all bundled and delivered in LESS than carload lots, at paper dealers listed above.

The rest is up to householders and business people of our Township who can just as readily flatten and save waste card board boxes, empty containers of kitchen staples, cartons and heavy wrapping materials as they now flatten and save tin cans and waste kitchen fats.

This is a MUST activity at the present time, as the Canadian and Pacific Northwest paper mills have less and less help with which to get out the wood pulp from the forests to the mills; meantime the more troops we send overseas the more cardboard cartons we have to send after them, in which to safely deliver their medical supplies, blood plasma, food, ammunitions, records, etc. etc.

The only way to keep up with the government's demand is for private recipients of cardboard, paper and magazines to save these substances which heretofore have been burned as a matter of habit.

****

Here at Niles the Niles Scout Troop is leading off by designating the Scout House at the end of Third street as a depository where anyone may drop off their bundles of paper, magazines and cardboard, separated and tightly tied. Just put them on the front porch out of reach of rain and Scouts or Scouters will take them into the building when the building is opened, Scoutmaster Fred Duffie states.

A collection date will be set later this month within the boundaries of the Niles School District, although families living well out of town are asked to bring in their bundles when they come in to do their marketing, and leave them at the Scouthouse either day or night.

Parties who do not have automobiles, who will save their paper and carboard accumulation, may telephone Scoutmaster Duffie at Niles 4506 when they have a sufficient accumulation and he will pick them up in the course of his regular duties, as will Scout Committeeman Lewis Lewis, phone Niles 4567, who goes pretty well over the Township every day.

As the six principal communities of Washington Township each has its own Troop the Township should be pretty well covered. Mission San Joseand Warm Springs, which do not have Scout Troops may be able to get service from the Irvington troop, by special arrangements.

This is not just a January activity, it is to continue regularly, with at least a once a month collection day, until we win the war.

NAVY QUARTERS 50,000 SAILORS NEAR PLEASANTON

Township residents may not realize it, as we do not have any Army and Navy installations in Washington Township, but there are now 50,000 sailors stationed within 15 miles of us, and this number is soon to be increased to 75,000—and that's a good many more men in uniform than we have civilian population in all of Southern Alameda County.

These men are stationed at Camp Parks, Camp Shoemaker and the big Navy hospital installation all near Pleasanton, over towards Highway 99. Facilities are to be increased soon in order to accommodate more men.

Sailors are sent here while awaiting assignment to sea duty; SeaBees are brought to Pleasanton to rest from arduous foreign duties; wounded seagoing men are brought to the Naval Hospital to convalesce from their wounds.

Few of these men drift into the communities of Washington Township as we have no entertainment facilities for their benefit. They go to Hayward, San Leandro, Oakland and San Jose when on leave.

That's still a lot of men to be quartered so near us.

GUARD YOUR GAS COUPONS LIKE MONEY

Those little A, Band C gas coupon books are not as large as a dollar bill and are only about as thick as a dollar bill folded double —yet some drivers are as careless with their gas coupon books as though they could be picked off trees.

The favorite place to keep them seems to be the glove compartments in the dashboards of automobiles. Knowing which, this is the first place thieves look for your gas coupon book.

The Niles Ration Board receives applications for new books, and nine out of 10 applicants admit they were stolen from glove compartments in their car, Chairman George C. Roeding Jr. states.

It should occur to owners of gas ration books to slip these small but very valuable pieces of paper in a section of their pocket books along with their drivers licenses and other valuables. A man's pocket book is always on his person, and that's where his gas coupon should be.

Applying to the local Ration Board for another book when your's is stolen through your own carelessness in leaving it in your car, always costs you a few coupons penalty and makes unnecessary work for the overworked Ration Board. The law allows any board to take from 10 to 60 days in replacing these books.—What do you do for gas meantime?

Care for your gas coupon book like it was money, and keep it where you keep your money, Mr. Roeding advises.

COUNTY FARMERS "HIT THE BALL" IN YEAR JUST PAST

In a most comprehensive review of the 1943 farm labor situation, T. A. Perkins, U. S. Farm Placement manager, gives figures which are almost startling in the great strides which Alameda county farmers took last year in increasing "Food For Victory." "Generally speaking," his report states, "there were no losses in the county's major crops, due to insufficient harvest labor."

Three elements aided the usual harvest labor, including 250 Mexican nationals, a large number of school students and a few adult volunteers. Alameda county's tomato acreage, in 1943, was 13,000 acres; average yield about 5 tons per acre, equalling about 3,600,000 boxes, which was harvested as follows: regular harvest hands, 2,300,000 boxes; by Mexican nationals, 170,000 boxes; by workers from Farm Bureau sponsored camp 70,000 boxes; by organized school groups 60,000 boxes, and servicemen, mostly from the Navy base at Pleasanton, harvested a quantity, also.

The average yield per acre in Alameda county should be seven tons of tomatoes. This year it was only five tons, showing approximately two tons below normal. Had it been necessary to harvest the full crop, it would have required 17,333 additional man days of labor.

Mr. Perkins points out that there is need for additional production in 1944 and that an intensive survey will be conducted in the next three months by the personnel of the County Farm Labor forces, in order to meet the farm labor needs for all the county's major crops

Farm labor offices opened in Hayward June 15, 1943, with temporary, seasonal offices at Pleasanton, under J. J. Amaral and Centerville, in charge of E. Dixon Bristow, both working under Mr. Perkins. Similar plans are contemplated for 1944, he stated.

LATE DEER KILL

SAN FRANCISCO — As of January 3, the total deer kill during the winter season which closed December 31, 1943, was 2,392 deer, according to the count of tags received by the Division of Fish and Game. The majority of these deer were taken in southern California counties—557 in Los Angeles County, 292 San Diego County and 245 in Riverside County. Monterey County provided a kill of 302 deer, but otherwise the kill was very small in the northern areas that were open to hunting.

Do any of these need repair or conditioning? Durationize your appliances with constant care and timely repair. That also means careful use to avoid abuse. Blasting your radio at full volume, for example, can shorten its life. Use it, but tune it down. Open your refrigerator door as seldom as possible. Keep your fireplace damper closed when heating equipment is in use. It prevents heat waste up the chimney. Your government wants your present appliances to last for the duration.
